WHY SPONSOR?

The **2026 APMA Retreat** in Oceanside offers a **unique and highly engaging experience centered on roundtable discussions of current topics impacting agricultural HR and safety professionals**. Unlike traditional conferences, this format creates meaningful dialogue, peer exchange, and real-world problem solving among industry leaders.

This year, **Elite and Premier sponsorships** include **complimentary registrations (number based on level)**.

Attendance provides opportunity to engage in discussions on key issues impacting business.

We **invite you to sponsor and attend the Retreat** to be part of these important discussions and connect directly with decision-makers shaping the future of agricultural HR and safety.
